'25 YEAR IN REVIEW

As we look back on 2025, I'm overwhelmed with gratitude for what God has done through Agape Women's Clinic. This year has been marked by growth...not just in the number of women and families we served, but in the depth of impact we've been able to make through compassionate care, truth, and the hope of the Gospel.

Every day, we are reminded that women and men are not only looking for information. They are looking for hope, clarity, and someone who will love them in the middle of their fear. In 2025, we saw more clients than ever walk through our doors, and we continue to witness hearts softened as they encounter the love of Christ in a real and personal way. One of the greatest blessings of this year has been the continued development of our Cedar Park clinic. What began as an unexpected opportunity has become a powerful extension of our mission, allowing us to reach more women, save more babies, and offer healing to more families throughout Central Texas.

As we move into 2026, we are filled with faith and expectation. We believe God is calling us to expand our reach and continue standing boldly for life. Thank you for partnering with us. Your faithful support makes it possible for Agape to be a place where truth is spoken, lives are changed, and hope is found in Jesus Christ.

With gratitude,

JO MARKHAM
Executive Director
